She elaborated upon every proposition she set forth, and to do the speaker but simple justice, we must say that she argued very critically, and with a great deal of plausibility, every assertion she made. En passant, she made a pass at the foreigners, who are keeping the grog shops in Louisville, (360 in number) and from the tone of her remarks, we judged she was slightly tinctured with the modern abominable, political heresy called Know-Nothingism. She next asserted the fact that there were a sufficient number of honest, good thinking men in this State of both porties, who would vote the entire. Indeed, very few are the die ease in which a Purgative Medicine is not more or less required, and much sickness and sn fering might be prevented, if a harmless but to detune Catharlic were more freely used. No person can fill well while a cotive hallit of tody prevalls; be desits on generates serious and octen fatal dates, so, which must have 1 in a winch by the timely and judic ous use of a good purgative. This is alike true of Colds, Feverich symitons, and Binous derangements. They all tend to halme or 1 oduce the deep scated and form able difference as a hable family playsic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professor, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures lave been effected beyond belief, were they not substantiated by persons of such exalted position and cla acter as to forbid the suspiciou of untruth.

The composition of my preparations is laid open to all mer, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects apon trial.

They operate by their powerful influence on the Internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stumach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disea c.
